LOTS

KNOXVILLE, ILLINOIS
FAIRGROUNDS

Tuesday, March 11, 1958

Three of the first daughters of Burnton Everlasting calved at Whitehall Farms, Poplar Grove, Illinois, owned by Anthony Petkus. They are selling two sons and one daughter of this great sire in this sale.

Nearly A MILLION DOLLARS In Shorthorns

Cattlemen have invested nearly \$1,000,000 in purchases at past "Sales of Satisfied Buyers." Many good herds have been founded solely on purchases made in this sale. Breeders from nearly every state have patronized this sale, because here we offer cattle correct for your needs at prices correct for your pocketbook. This is one of the largest and strongest offerings in the history of this sale.

That Will Help You Turn Your
Grass and Roughage Into Profits**

General Information

LOCATION—Please note the new location for this sale. The Knoxville, Illinois **fairgrounds**. There is a large, well lighted, completely enclosed show barn which will be used for the sale, and heat can be supplied if necessary. There is ample room for a proper display of the cattle. The sale will begin at 12 noon, C.S.T., Tuesday, March 11, 1958. Knoxville is just 6 miles from Galesburg, which is on the main line of the Burlington and Santa Fe railroads. Good truck facilities available.

LUNCH—Will be available at the sale.

SALE HEADQUARTERS—Hotel Custer, Galesburg, Ill.

AUCTIONEER—J. E. Halsey, Des Moines, Iowa.

SALE MANAGER—Don Longley, 16 So. Locust St., Aurora, Ill.

TERMS—The terms of this sale are cash at time of purchase. Settlements to be made with the clerk immediately following the sale. All stock will be at buyers risk as soon as bid off, but we will assist in loading and helping buyers obtain trucking or rail transportation.

GUARANTEE—All cattle will be sold under the Standard Guarantee of The American Shorthorn Breeders' Association. All cattle will be tested for T.B. and Bangs within 30 days of the sale, with the exception of officially vaccinated cattle under the minimum age. Interstate health certificates will be provided for out of state buyers. **Since states differ on health regulations all buyers must be aware of the regulations in their own state.** Nearly all of the consignors in this sale practice calfhood vaccination.

A certificate of registration and a signed transfer will be supplied each lot sold properly transferred to the new buyer. Calfhood applications will be supplied for calves in dam or at foot under six months of age.

Where footnotes appear in the catalog they were furnished by the consignor or written from information supplied by the consignor. The terms shall constitute a contract between the buyer and seller of each lot.

While every effort will be made to protect the safety and comfort of those attending, the consignors, sale manager, clerk, auctioneer, owners of the fairgrounds cannot be responsible for accidents that may occur. Every person attending must assume the risk of injury to himself. The sale manager was retained for specific tasks promotional and clerical and has nothing to do with the condition of the premises, handling of the cattle, fulfillment of guarantees, or possible errors on the health charts.

MAIL BIDS—Those wishing to buy at this sale who cannot be present may send their bids to the Sale Manager, Don Longley, The Shorthorn World, 16 So. Locust St., Aurora, Ill.; Kenneth Fulk, American Shorthorn Breeders' Assn., representative, 7 Dexter Park Ave., Chicago 9, Ill.; Darrell Overholt, Chicago Drovers Journal, Union Stockyards, Chicago 9, Ill.; or J. E. Halsey, Wallace's Farmer, Des Moines, Iowa. The person exercising the bid will assist the buyer in making trucking arrangements. If circumstances make it necessary, we will make arrangements to have the cattle moved to a farm for a few days following the sale, if it is a convenience to long distance buyers.

Western Illinois is filled with top Shorthorn cow herds that produce market topping cattle. Scene above are commercial Shorthorn steers at Nelson Farms, Geneseo, Illinois. The Nelsons also have an outstanding purebred herd and are consignors to this sale.

When Does A Sale Become An Institution?

When year in, year out the cattle are so correct for the needs of customers that they rely on it as a source of supply vital to their herd operation.

It isn't often that buyers will come to a sale manager and congratulate him on holding a sale. This is what actually happened at the "Sale of Satisfied Buyers" last spring.

Last spring saw the reactivation of this sale on a permanent basis, after a lapse of one year. When they were settling for their purchases, at least a half dozen buyers said, "I'm glad you started this sale again. We count on it as a place to buy good bulls."

The "Sale of Satisfied Buyers" started in the depression days. For many years it was held at Abingdon. Three times a year, large offerings were presented. As many as 50 bulls were sold in each sale. Commercial cattlemen, purebred breeders began to rely

on it to the extent that they would buy a new bull almost every year.

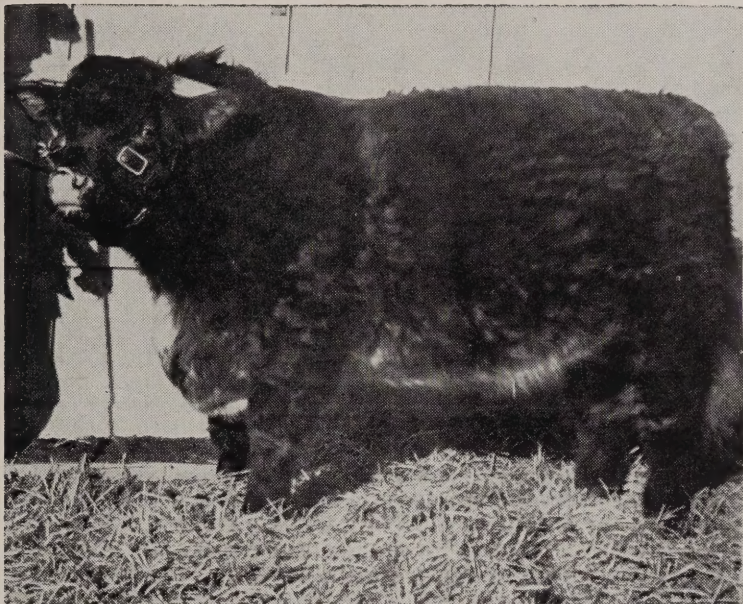

Because we offered the cowman's kind of females, and they sold at prices where they would work out even on a commercial basis, it became the mechanism whereby the native cow herds of this area stayed red, white and roan.

Last spring the sale was reactivated, with a 50 lot offering. This spring we are back in the swing . . . with an offering as large as in the old days . . . and even better quality . . . 33 bulls . . . 44 female lots.

Purebred cattle for sale are scarce. This may be the only "Sale of Satisfied Buyers" we will be able to hold this year. Our ultimate aim, however, is to get back on a three times a year basis.

From herds like this come the cattle for the "Sale of Satisfied Buyers." Scene in the H. L. Wernicke & Son herd, Leno, Illinois. The bull in the background is Aldie Chief Adonis.

33 Bulls

We do not believe in "score advertising." However, we definitely believe that when the first part of March consignment sales are over, it will be practically impossible to find serviceable age bulls for sale. Every sale manager has scoured the country to find bulls enough to fill their sales. In this event we were fortunate enough to have such "consignor confidence" that we were able to obtain 33 good serviceable age bulls . . . top bulls. Your time is valuable. That is why we believe in offering enough so that you can be assured of buying success, we have a better chance of your patronage.

Wm. E. McCoy Herd Reduction

A feature of this sale will be a reduction of the well known Maplevale herd of William E. McCoy, Farmington, Illinois. This is brought about by a change in farm locations. The new farm will not handle as many cattle. Long supporters of the "Sale of Satisfied Buyers" they have chosen this event as the means of bringing about this reduction.

They are selling their senior herd sire, Femco Better News 4th, a great breeding son of the \$10,000 Camson Better News. Seven sons of this bull, eleven beautiful daughters, and four cows make up their consignment. Those who attended the last Princeton sale will recall the McCoy grand champion bull, a son of Louada Footstep. Another son of Louada Footstep is their junior herd sire and most of their females are bred to him. This is an exceptional opportunity to buy a group of uniformly bred females backed by years of constructive breeding.

March 11—Sale of Satisfied Buyers, Knoxville, Ill.
33 Bulls 44 Females

In one week 146 bulls and 151 female lots will be sold. If you are thinking in carload terms, there will not be another such opportunity offered this spring. Serviceable age bulls will not be plentiful after the March sales are over.

The "Sale of Satisfied Buyers" is not limited to any boundaries. Good cattle from any state are accepted. That is why the offering is so strong. Left, a group of heifers at The Hickories, Pardeeville, Wis., consignors to this sale.

Do They Have To Be "Show Fat" To Be Good?

The cattle in this sale are always offered in good condition . . . the consignors are too good cattlemen to do otherwise. However, they are never any overdone cattle in this sale.

If you are gifted with the ability to tell a good one in average flesh you can make extremely good purchases in this sale. It is evident that there will be nothing on the American farm in the years ahead that will make more money than a good herd of Shorthorns. Right now . . . while female prices are still moderate . . . is the time to fill your pastures.

You can't borrow money on grass and roughage. The only way to convert it to cash is through a good productive herd. Forty-four female lots are being sold in this sale. Whether you want one or a truckload, you will be able to find the kind you want, backed by the kind of pedigree that insures performance, and at prices that fit your pocketbook.
